If more than one search is submitted, please prioritize searches in order of need.
.....

Please provide a detailed statement of the search topic, and describe as specifically as possible the subject matter to be searched. Let us know what you already have and so do not need. Include the keywords, synonyms and meaning of acronyms. Define all terms that may have a specific meaning. Please attach a copy of the background, abstract, claims and other pertinent information.

Please state how the terms or keyword strings should relate to one another.

STG - (B1) U.S. Patent (no pre-grant pub.) after Jan. 2, 2001
AB - The invention pertains to a mobile communications device with a camera,
comprising a microphone (5), loudspeaker, display, keypad and camera.
According to the invention the mobile communications device comprises at least
two parts covering each other alternatively completely in the transport position of
the camera or partly in the operational position of the camera so that when the
parts (1, 2) cover each other in the transport position of the camera the lens (13)
of the camera is protected, and in the operational position of the camera the lens
(13) of the camera is exposed. Such a mobile communications device is easy to
use and includes a protected lens (13) the protection of which is based on normal
procedures carried out by the user of the mobile communications device when
using the device.
